Based Businesses: Air Evac Lifeteam, Tulsa Aviation Group, Ok Airmen Flying Club, Jaeger Aircraft FAA DME, ForwardVue Aircraft Maintenance, Chopper Charters, Pipeline Patrol

Primary Customer/User Base: Local and transient general aviation and jet traffic, US Government, medical services, pipeline patrol, flight training.

Community Impact: The airport provides significant economic impact to the community and industrial park as well as to Rogers County and the surrounding communities.

Needed Capital Projects: Master Plan Update, Apron Rehabilitation, Taxiway and Utility Infrastructure.

Established in 1992, Claremore Regional has grown to be one of the premiere airports in NE Oklahoma. The airport has consistently grown in areas of fuel sales, aircraft storage, medical services, maintenance and the non-congested airspace makes for ideal flight training.
