Based Businesses: Northeast Technology Center, Air Methods (Tulsa Life Flight)

Primary Customer/User Base: GRDA, Tulsa Life Flight, MidAmerica corporate tenants, small private aircraft owners

Community Impact: The airport is part of a single-ownership industrial park with its own water and waste water treatment facilities, reliable power, ample gas supply and multiple communication providers.

Needed Capital Projects: Update Master Plan, New Terminal, Extension of Runway and Taxiway

At 9,000 Acres, MidAmerica is one of the Nation's largest industrial parks, strategically located at a northeast Oklahoma Crossroads
