Fuel Farm

Based Businesses: Agra Tech, T3Aerosports

Primary Customer/User Base: SLPT Global Pump Group, Cherokee Nation, T3 Aerosports Flight School

Community Impact: This airport has a 4,000 foot runway with both Jet A and AVGas fuels available. Their based aerial applicator company, Agra Tech, provides vital services to promote economic growth to the many ranch lands and crops in the region. The 2017 OAC Economic Impact Study shows the airport to have an annual economic impact of \$3,565,200.

Needed Capital Projects: Runway Lighting/Signage Upgrades, Taxiway/Apron Rehabilitation, Runway Rehabilitation, New Terminal and New Hangars
